

My design name

Name

Class

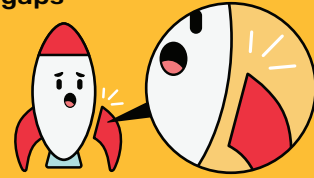

1

My design looks good from all angles

2

All shapes are attached to each other with no gaps

3

No shapes are floating in space

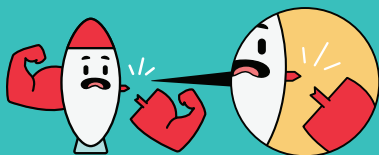

4

My design is touching the platform

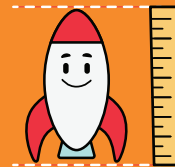

5

My design looks strong - there are no thin sections that might break

6

My design is the correct size and location

7

I've considered how much support material I need

8

My design has a title
